- **Programming Languages and Frameworks:** *Python, JavaScript, TypeScript, C++, SQL, NoSQL, CUDA, FastAPI, TensorFlow, PyTorch, Hugging Face, LangChain, React, Next.js.*
- **Technical and Software Skills:** *AWS, Cursor, Google Cloud, Azure, Docker, Supabase, Vercel, Google Workspace, MS Office, Claude Code, Kubernetes, GitHub, Cloudflare, Apache Spark, Oracle, Snowflake, Power BI, Tableau, Electronic Logging Devices (ELDs), Playwright, NetSuite, SAP, Blue Yonder, Trello, Salesforce, Llamasoft, Alteryx.*
- **Languages:** *English (Native), Spanish (Native), Portuguese (Advanced).*
- **Interests:** *AI, Machine Learning, UI/UX Design, VC, Supply Chain, Automation, Finance, Healthcare.*

EDUCATION AND ENROLLMENTS

Built-in Miami | Amazon AWS | NVIDIA Inception | Google for Startups | Microsoft Founders Hub - Remote, US
Startup Incubator, Support and Accelerator Programs

University of the People - Pasadena, CA
BS in Business Administration

WORK EXPERIENCE

C&S Wholesale Grocers, Fleet Transportation & Operations, Opa-Locka, FL 2025 - Current

- **Supervised routing software** to major retail supermarket chains, including **Winn-Dixie, Presidente & Fresco y Más**, achieving on-time deliveries across Florida.
- Dispatched and coordinated 90+ daily state deliveries, optimizing warehouse and vendor data to increase delivery speed.
- Tracked and managed inventory, BOLs, and PO# orders via TMS systems and custom software.
- **Using LLMs** to coordinate warehouse instructions to streamline loading/unloading, cutting dock time by half.
- Arranged AI into daily transfer communication between C&S facilities nationwide, improving inventory balancing and reducing inter-facility transfer delays.

MCI Express, Senior Logistics Coordinator, Medley, FL 2022 - 2025

- Oversaw 200+ weekly loads and \$400,000/Month in freight sales for major cruise line clients including **Carnival, Royal Caribbean, Virgin Voyages, Ritz-Carlton, Starboard, Princess & Holland America.**
- Strengthened relationships with 25+ high volume shippers, increasing repeat business by 30%.
- Transitioned telematics system from Geotab to Samsara, improving fleet assets tracking & systems efficiency by 35%.
- Managed bonded land, sea, and air freight of reefer, dry, and hazardous shipments across North America with up to 100 third-party logistics companies.
- Ensured 100% FMCSA and DOT compliance across **380+ trucks and 600+ trailers** through audits, training, and inspections.

Ship Technologies Inc, Software Engineer, Remote, US 2020 - 2024

- Founded and launched an AI freight platform connecting direct shippers with **300+ asset-based trucking companies offering a 3000+ truck** capacity across North America.
- Facilitated **120+** monthly shipments nationwide, reducing the shippers transportation costs on average 30%.
- Design and implement the full stack web and mobile app workflow ensuring scalable and seamless user retention.

Dispatch 4 Now, Truck Dispatcher & Supply Planner, Miami, FL 2020 - 2024

- Directed a fleet of **90+ truck drivers and 120+ assets**, overseeing daily scheduling, dispatch, and compliance across systems.
- Managed super high-volume Florida produce season, handling the transportation of nursery, watermelons, corn, berries, and blueberries from customers as Pero Farms, Wish Farms, Bonny Plants and others across national markets.
- Improved driver retention by 18% through engagement programs, safety incentives, bonuses and consistent communication.

Amazon Inc, Bilingual Customer Service Representative, Remote, US 2017 - 2019

- Monitored and tracked **150+ daily package deliveries**, resolving delays and ensuring **96% on-time completion.**
- Documented 100% of customer interactions in CRM systems to maintain service accuracy and compliance.
- Handled **80+ customer inquiries per day** in English and Spanish, achieving 90%+ first-contact resolution rate.
- Consistently ranked in top 5% for customer satisfaction scores across the department.
